

**NAVAL GENERAL TRADING**

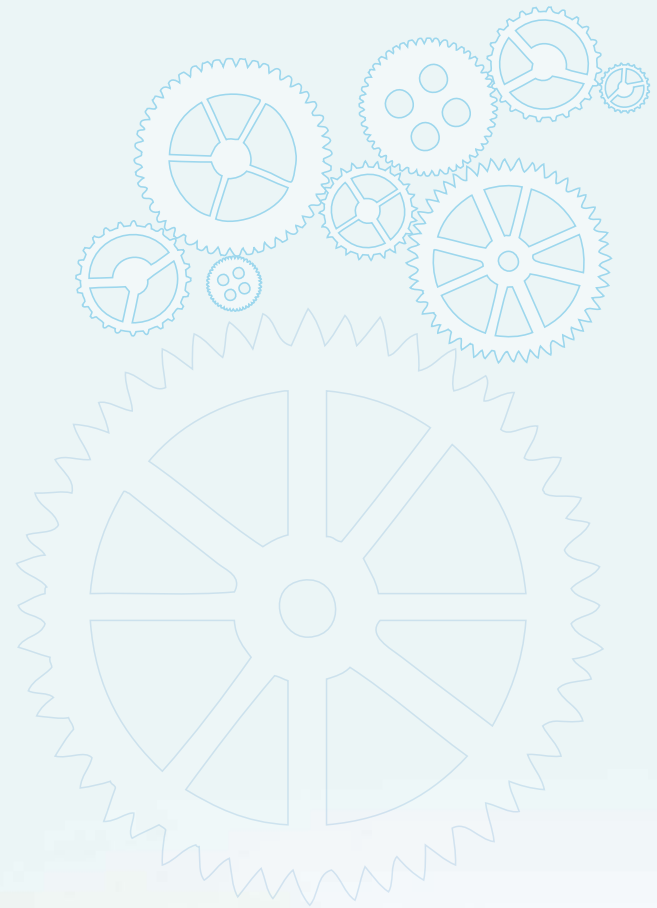

## NAVAL GENERAL TRADING

Naval General Trading is located in Ajman, UAE. We focus on the supply and distribution of maritime equipment all over the world. Our main customers are the Navy, Coast Guard, governmental shipyards, the cruise industry, oil and gas industry, shipping companies and the private shipbuilding industry.

Our service covers the complete spectrum of spare parts, supplies and equipment for naval, industrial as well as civilian purposes. We locate, acquire and deliver the items you need, so you can concentrate on your main business rather than having to waste your resources on a time consuming search for supplies.

Procuring engines, spare parts, materials (e.g. any kind of metal), consumer goods, lifesaving equipment, electronics and whatever else is needed to build a ship or keep it in working condition is what we do best.

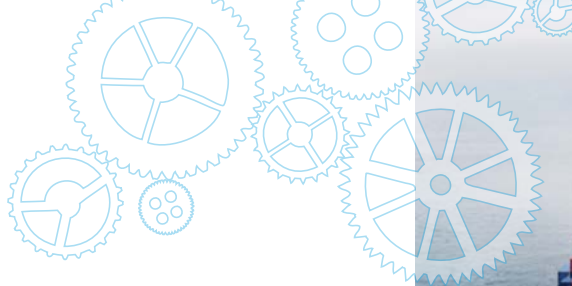

## NAVAL GENERAL TRADING

Due to our suite of products we are always able to offer our customers package solutions for their specific needs. This benefit pays off for our customers. One partner for finance, procurement and processing permits the minimization of costs. Furthermore this also means short communication times and a rapid flow of information.

We are constantly working on improving our services and products. This can only be done through a cooperative relationship with our suppliers and customers.

You need custom made parts, laser cut material or special setups? We will do our best to meet your needs and find a solution for your problem.

Unusual requests are day-to-day business for us. Our wide range of suppliers and business partners allows us to draw from a vast repertoire of goods, materials, equipment and services.

It doesn't matter  
where you are!
